INDEPENDENT AUDITOR'S REPORT

August 15, 2005

To the Village Council
Village of Sanford
Midland County, Michigan

We have audited the accompanying financial statements of the governmental activities and each major fund of Village of Sanford, Midland County, Michigan as of and for the year ended June 30, 2005, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Village of Sanford's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Village of Sanford, Midland County, Michigan as of June 30, 2005, and the respective changes in financial position thereof, for the year ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and budgetary comparison information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the year ended June 30, 2005

The Management's Discussion and Analysis report of the Village of Sanford covers the Village's financial performance during the year ended June 30, 2005.

FINANCIAL HIGHLIGHTS

Our financial position as a whole has improved. We took in \$255,987.21 and only spent \$213,775.91.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of three parts, management's discussion and analysis, the basic financial statements and required supplementary information. The basic financial statements include two different kinds of statements that present different views of the Village and the notes to the financial statements.

The first two statements are entity-wide financial statements and provide both long and short-term information about our overall financial status. These statements present government activities.

The remaining statements are fund financial statements, which focus on individual parts of the Village in more detail.

The notes to the financial statements explain some of the information in the statements and provide more detailed data.

Required supplementary information further explains and supports the financial statement information with budgetary comparisons.

ENTITY-WIDE FINANCIAL STATEMENTS

The entity-wide statements report information about the Village as a whole using accounting methods used by private companies. The statement of net assets includes all of the Village's assets and liabilities. The statement of activities records all of the current year revenues and expenses regardless of when received or paid.

The two entity-wide statements report net assets and how they have changed. Net assets are the difference between the entity's assets and liabilities and this is one method to measure the entity's financial health or position.

Over time increases/decreases in the entity's net assets are an indicator of whether financial position is improving or deteriorating.

To assess overall health of the entity you may also have to consider additional factors such as tax base changes, facility conditions and personnel changes.

All of the activities of the Village are reported as governmental activities. These include the General Fund, the Major Street Fund, the Local Street Fund and the Liquor Fund.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the Village's funds, focusing on significant (major) funds not the Village as a whole. Funds are used to account for specific activities or funding sources. Some funds are required by law or bond covenants. The Village Council also may create them. Funds are established to account for funding and spending of specific financial resources and to show proper expenditures of those resources.

Midland County, Michigan

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the year ended June 30, 2005

FUND FINANCIAL STATEMENTS (continued)

The Village has the following types of funds:

Governmental Funds: All of the Village's activities are included in the governmental fund category. These funds are presented on the modified accrual basis, which is designed to show short-term financial information. You will note that the differences between the Village's government-wide statements and the fund statements are disclosed in reconciling statements to explain the differences between them. The Village's governmental funds include the General Fund, the Major Street Fund, the Local Street Fund and the Liquor Fund.

FINANCIAL ANALYSIS OF THE VILLAGE AS A WHOLE

For the fiscal year ended June 30, 2005, net assets of the Village increased by \$63,556.16 to \$868,017.06.

FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

For the fiscal year ended June 30, 2005, the fund balance of the General Fund decreased by \$36,122.19 to \$173,791.20, the fund balance of the Major Street Fund increased by \$33,418.21 to \$237,302.14, the fund balance of the Local Street Fund increased by \$44,723.84 to \$260,511.08 and the fund balance of the Liquor Fund increased by \$191.44 to \$715.15.

The budget was amended to correct unforeseen expenses but overall was very stable and right on target.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

Capital Assets:

New capital assets totaled \$38,496.00.

Long-Term Debt:

Loan payable: The debt service payments for this fiscal year totaled \$14,841.72 (\$8,768.36 principal and \$6,073.36 interest).

KNOWN FACTORS AFFECTING FUTURE OPERATIONS

The Village plans for the future are to continue to improve our community for our taxpayers in the way they direct us.

NOTES TO FINANCIAL STATEMENTS
June 30, 2005

Note 1 – Summary of Significant Accounting Policies

The accounting policies of the Village of Sanford, Midland County, Michigan, conform to generally accepted accounting principles as applicable to governmental units.

Reporting Entity

The financial statements of the Village contain all the Village funds that are controlled by or dependent on the Village's executive or legislative branches.

The reporting entity is the Village of Sanford. The Village is governed by an elected Village Council. As required by generally accepted accounting principles, these financial statements present the Village as the primary government.

Government-Wide and Fund Financial Statements

The government-wide financial statements, (the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Village's government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items not properly included among program revenues are reported as general revenue.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are applied first.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

Note 1 – Summary of Significant Accounting Policies (continued)

Governmental Funds

General Fund

This fund is used to account for all financial transactions except those required to be accounted for in another fund. The fund includes the general operating expenditures of the local unit. Revenues are derived primarily from property taxes, state and federal distributions, grants, and other intergovernmental revenues.

Special Revenue Funds

These funds are used to account for specific governmental revenues requiring separate accounting because of legal or regulatory provisions or administrative action.

Assets, Liabilities and Net Assets or Equity

Bank deposits and investments – Cash and cash equivalent investments include cash on hand, demand deposits, certificates of deposit and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables

Receivables have been recognized for all significant amounts due to the Township. Allowances for uncollectible accounts have not been provided for in that collection is not considered doubtful and any uncollected amount would be immaterial.

Inventories

Inventories of supplies are considered to be immaterial and are not recorded.

Property Taxes

Property taxes and other revenue that are both measurable and available for use to finance operations are recorded as revenue when earned.

Properties are assessed as of December 31 and the related property taxes become a lien on December 1 of the following year. These taxes are due on February 14 with the final collection date of February 28 before they are added to the county tax rolls. The Village 2004 tax roll millage rate was 2.00 mills, and the taxable value was \$23,000,535.00.

Capital Assets

Capital assets are defined by the Village as assets with an initial cost of more than \$1,000.00 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings, additions and improvements	10-30 years
Furniture and equipment	3-20 years

Midland County, Michigan

NOTES TO FINANCIAL STATEMENTS
June 30, 2005

Note 1 – Summary of Significant Accounting Policies (continued)

Compensated Absences (Vacation and Sick Leave)

Village employees are not allowed to accumulate vacation and sick pay and therefore no accumulated amount is recorded in the financial statements.

Post-employment Benefits

The Village provides no post-employment benefits to past employees.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Encumbrances

Encumbrances involving the current recognition of purchase orders, contracts and other commitments for future expenditures are not recorded.

Note 2 – Budgets and Budgetary Accounting

The following procedures are followed in establishing the budgetary data reflected in these general purpose financial statements:

1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the Village Council for consideration.
2. The proposed budgets include expenditures as well as the methods of financing them.
3. Public hearings are held to obtain taxpayer comments.
4. The budgets are adopted at the activity level by a majority vote of the Village Council.
5. The budgets are adopted on the modified accrual basis of accounting.
6. The originally adopted budgets can be amended during the year only by a majority vote of the Village Council.
7. The adopted budgets are used as a management control device during the year for all budgetary funds.
8. Budget appropriations lapse at the end of each fiscal year.
9. The budgeted amounts shown in these general purpose financial statements are the originally adopted budgets with all amendments that were approved by the Village Council during the fiscal year.

Note 3 – Deposits and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Village to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligation repurchase agreements; banker's acceptance of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Village Council has designated seven banks for the deposit of Village funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in all investments authorized by state law as listed above.

The Village's deposits and investments are in accordance with statutory authority.

The Governmental Accounting Standards Board Statement No. 3, risk disclosures for the cash deposits are as follows:

	<u>Carrying Amounts</u>
Total Deposits	<u>660 035 27</u>

Amounts in the bank balances are without considering deposits in transit or uncleared checks.

Note 5 – Changes in Long-Term Debt

A summary of changes in long-term debt follows:

	<u>Balance 7/1/04</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance 6/30/05</u>
Building loan payable	119 133 87	-	8 768 36	110 365 51
Total	<u>119 133 87</u>	<u>-</u>	<u>8 768 36</u>	<u>110 365 51</u>

Note 6 – Building Loan Payable

On October 15, 1999, the Village obtained a loan for \$150,000.00 for the purpose of funding the purchase of a building to be used as a Water District No. 1 Office Building. The building is being paid for in sixty quarterly payments of \$3,710.43, including interest at the rate of 5.25% per annum. As of June 30, 2005, the principal balance outstanding on the building was \$110,365.51.

Note 7 – Lease Commitment

The Village constructed a building for the Midland County Water District No. 1 at a total cost of \$150,000.00.

The Village entered into a capital lease with the Authority for the sale of the building at an amount of \$150,000.00. As of June 30, 2005, the balance of the lease receivable was \$110,365.51 as was the balance of the corresponding construction loan. The principal and interest payments by the Authority for the construction loan are accounted for as revenue in the period paid. The amounts to be received from the Authority, under the lease commitment, are identical to the amounts due on the building loan payable.

Note 8 – Midland County Water District No. 1

The Village is designated as a Constituent of the Midland County Water District No. 1 (the Authority). The Authority was acquired and financed pursuant to a contract between the Township of Lincoln, the Village of Sanford and the Township of Jerome. The Authority is a public body corporate with the power to sue or be sued by the state. It is not considered a component unit of the Village.

The Authority is responsible for the general operation, maintenance and repair of the water system. The participating municipalities receive refunds of any excess funds from the Authority; however, the participating municipalities are also proportionately liable for any shortage of funds needed for general operation, maintenance and repair of the system.

Note 9 – Deferred Compensation Plan

The Village does not have a deferred compensation plan.

Note 10 – Retirement Plan

The Village does not have a retirement plan.

AUDIT COMMUNICATION AND REPORT OF COMMENTS AND RECOMMENDATIONS

August 15, 2005

To the Village Council
Village of Sanford
Midland County, Michigan

We have audited the financial statements of the Village of Sanford for the year ended June 30, 2005. As required by auditing standards generally accepted in the United States, the independent auditor is required to make several communications to the governing body having oversight responsibility for the audit. The purpose of this communication is to provide you with additional information regarding the scope and results of our audit that may assist you with your oversight responsibilities of the financial reporting process for which management is responsible.

AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES

We conducted our audit of the financial statements of the Village of Sanford in accordance with auditing standards generally accepted in the United States. The following paragraph explains our responsibilities under those standards.

Management has the responsibility for adopting sound accounting policies, for maintaining an adequate and effective system of accounts, for the safeguarding of assets, and for devising an internal control structure that will, among other things, help assure the proper recording of transactions. The transactions that should be reflected in the accounts and in the financial statements are matters within the direct knowledge and control of management. Our knowledge of such transactions is limited to that acquired through our audit. Accordingly, the fairness of representations made through the financial statements is an implicit and integral part of management's accounts and records. However, our responsibility for the financial statements is confined to the expression of an opinion on them. The financial statements remain the responsibility of management.

The concept of materiality is inherent in the work of an independent auditor. An auditor places greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than those items of lesser importance or those in which the possibility of material error is remote.

For this purpose, materiality has been defined as "the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement."

An independent auditor's objective in an audit is to obtain sufficient competent evidential matter to provide a reasonable basis for forming an opinion on the financial statements. In doing so, the auditor must work within economic limits; the opinion, to be economically useful, must be formed within a reasonable length of time and at reasonable cost. That is why an auditor's work is based on selected tests rather than an attempt to verify all transactions. Since evidence is examined on a test basis only, an audit provides only reasonable assurance, rather than absolute assurance, that financial statements are free of material misstatement. Thus, there is a risk that audited financial statements may contain undiscovered material errors or fraud. The existence of that risk is implicit in the phrase in the audit report, "in our opinion."

To the Village Council
Village of Sanford
Midland County, Michigan

In the audit process, we gain an understanding of the internal control structure of an entity for the purpose of assisting in determining the nature, timing, and extent of audit testing. Our understanding is obtained by inquiry of management, testing transactions, and observation and review of documents and records. The amount of work done is not sufficient to provide a basis for an opinion on the adequacy of the internal control structure.

SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described in Note 1 to the financial statements.

OTHER COMMUNICATIONS

Auditing standards call for us to inform you of other significant issues such as, but not limited to, 1) Accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ markedly from management's current judgments; 2) Significant audit adjustments that may not have been detected except through the auditing procedures we performed; 3) Disagreements with management regarding the scope of the audit or application of accounting principles; 4) Consultation with other accountants; 5) Major issues discussed with management prior to retention; and 6) Difficulties encountered in performing the audit.

We have no significant issues, regarding these matters, to report to you at this time. Audit adjustments were minimal, and are available to review.

COMMENTS AND RECOMMENDATION REGARDING INTERNAL CONTROLS/ COMPLIANCE/ EFFICIENCY

Our procedures disclosed the following conditions that we would like to bring to your attention:

SEGREGATION OF DUTIES

A separation of duties between persons who authorize transactions and persons who have control over the related assets does not always exist.

The least desirable accounting system is one in which an employee is responsible for executing the transaction and then recording the transaction from its origin to its ultimate posting in the General Ledger. This increases the likelihood that intentional or unintentional errors will go undetected. In most cases, adequate segregation of duties substantially increases control over errors without duplication of effort.

We understand that due to the size of needed staff, a proper segregation of duties may be impractical and the "cost to benefit" relationship may not justify the addition of accounting staff to accomplish the desired segregation.

These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the Village's financial statements and this communication of these matters does not affect our report on the Village's financial statements, dated June 30, 2005.

SUMMARY

We welcome any questions you may have regarding the foregoing comments and we would be happy to discuss any of these or other questions that you might have at your convenience.

Sincerely,

Campbell, Kusterer & Co., P.C.
